

Instructor Course for Dog therapy

Do you want to be an instructor of Dog Therapy.

Dog therapy sorenssystem TM is treatments with an impressive success rate. We have already experienced fantastic results.

The Sorenssystem TM Dog therapy is a highly effective set of Facial and Paw Reflexology techniques developed and patented by Christain Johnsen and Lic. Lone Sorensen.

This therapy is a natural, holistic and pleasant set of treatments that include Oriental and South-American thousand-year-old knowledge collected along almost 30 years of studies and praxis around the world, by Lic. Lone Sorensen

Dog therapy instructor education offers this unique world-wide recognized reflexology knowledge in an accessible, comprehensive and affordable format.

By applying a compendium of manual instructions and techniques, provides an instant new way to work.

- Our school is continuously expanding in all the countries where we are installed.
- Wide marketing activities and promotions (magazines and newspapers articles, radio and TV interviews,)
- 30 years of teaching experience and continuous growing.
- International presence with operations in 17 countries and expanding.
